

# CREATIVE CHALLENGE: DINOMITES

## Simple Dinosaur template

Draw around your template onto cardboard.

If you're working on thick card, you might need to make your slot a little bit wider to fit both pieces together.

You can colour, collage or paint onto your card shapes before assembling if you like!

## Triceratops template

Draw around your template onto cardboard.

If you're working on thick card, you might need to make your slot a little bit wider to fit both pieces together.

You can colour, collage or paint onto your card shapes before assembling if you like!

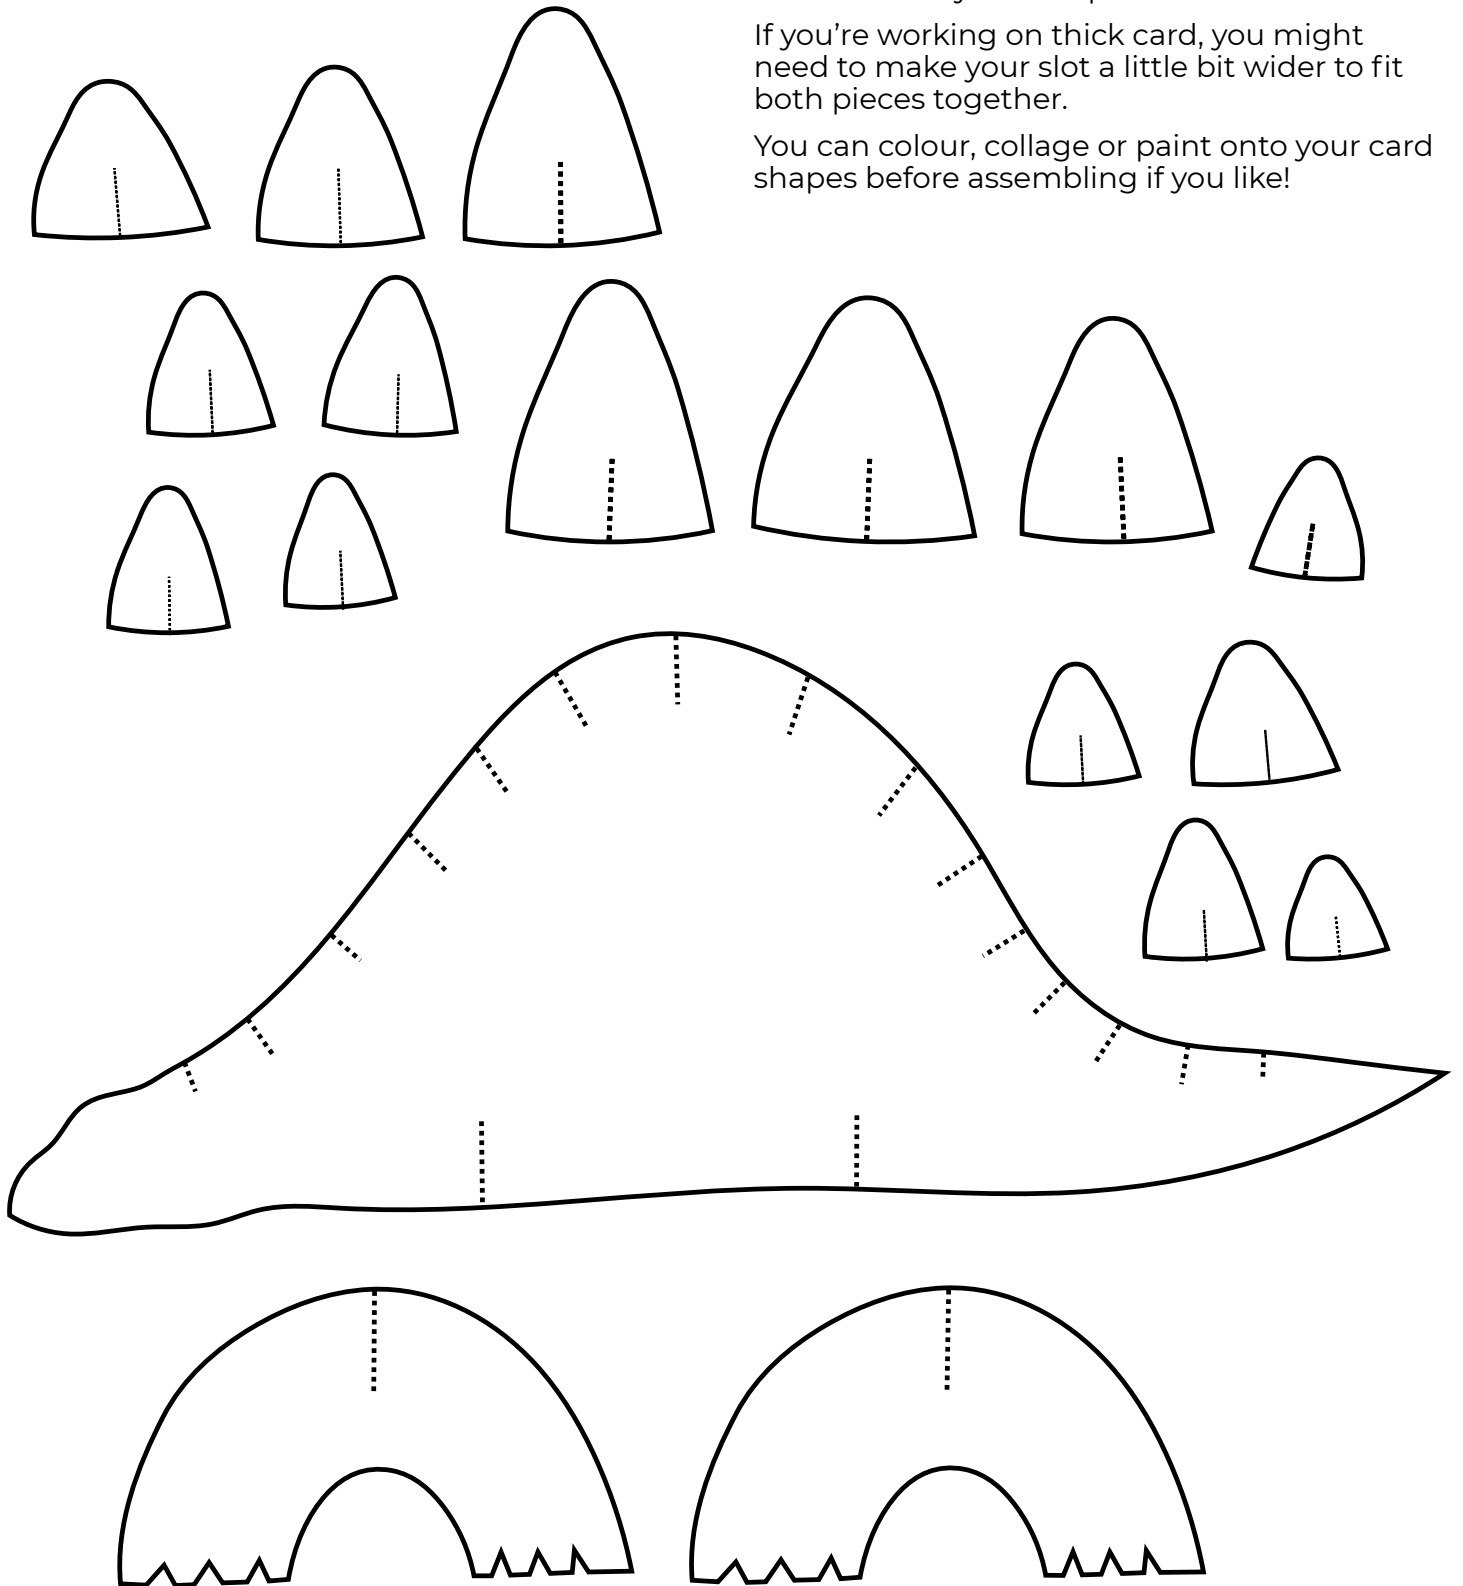

# CREATIVE CHALLENGE: DINOMITES

## Stegosaurus template

Draw around your template onto cardboard.

If you're working on thick card, you might need to make your slot a little bit wider to fit both pieces together.

You can colour, collage or paint onto your card shapes before assembling if you like!

## Top Tips for creating your own design:

- ☆ Think about the way your sculpture will **balance**
- ☆ You can choose where you draw your stencil so you can include **colour** from your cardboard
- ☆ If using thick card, make your slots a bit wider - try cutting a V-shape to help your pieces fit
